2. During the first quarter of 1955, the plant received only a few orders. Some customers, particularly from the People's Democracies, cancelled their orders, probably because the delayed deliveries by the plant made it impossible for these countries to fulfill their production plans. The Ministry for Machine Construction, set up a control brigade to deal with difficulties in the plant and also with the firms which supplied material for the plant. 25X1
3. The branch installation in Weissensee was to discontinue operations in the second half of 1955.
4. On 1 April, the plant began to discharge employees again.
